Re: SUPPORT OF TOWN MEASURE R APPLICATION RE: TENNIS COURTS

On behalf of the community-based Mammoth Lakes Tennis Club, we are in full support of ensuring the public-access Town tennis courts are usable both now and in the future.

- The courts provide a key recreational activity for the community and annually attract new and repeat visitors for daily play and special events hosted by our all-volunteer organization. In fact, visitors are already making reservations and plans to stay in Mammoth based on regularly scheduled community tennis events (such as the Summer Solstice Tourney) that are dependent on the courts being in proper shape.
- The tennis courts are in need of repair.
- Town Public Works & Maintenance staff have met with the Mammoth Lakes Tennis Club regarding the current maintenance project (Measure R funds) for the tennis courts and discussed scheduling, scope of work, budget, and long-term goals for the courts.
- The Mammoth Lakes Tennis Club is in support of, and requesting that the Town applies for Measure R funds for design work (including a soils report, survey, and slab design) for the long term replacement of the courts and general park upgrades.

We appreciate all efforts regarding the tennis courts. Please feel free to contact me if you have any questions or need any other documentation of our support.

Sincerely,

Gail Lonne
