PROJECT APPLICATION

SECTION 1 - PRELIMINARY QUALIFICATIONS:

1. **Why this project is considered urgent? Please describe in detail why this project was not submitted during the Fall 2009 application process?**

The project in total was submitted during the Fall 2009 application process. The skate park currently has spectators standing in the deck area and has no shaded area. There is a considerable safety hazard. We are asking for the \$24,000 to purchase seating off the deck surface and shade. The JLA Fund will provide matching of \$24,000.

2. **Does the project live within the Draft Parks and Recreation Master Plan and/or the Draft Trail System Master Plan?**

(Choose One)

If YES, please cite (page # & Section #): Page 15 Trails End Park and Skate Park Maintenance Page 61,64.

3. **Does the project meet the "Principles and Priorities" established by the Tourism and Recreation Commission for the Spring 2010 Measure R funding cycle?**

(Choose One)

If YES, please cite: The Brothers Skate Park Project meets all Principal and Priorities for Measure R Funding. The Project encourages tourism, visitors as well as local use, is a cooperative effort between the public and private sector, and can site recommendations from the Draft Parks and recreation Master Plan. The project meets all six goals stated on Pages 36-40. The project will start the completion process of a semi completed park, has a specific plan, encourages and enhances a visitors experience. The project addresses a safety issue in a public park.

4. **Describe your project's/service conceptual plan including size, scope, context/type, design specifications, use, and budget, or budget document. (This should be an attachment to the application titled: "Project Concept Plan.")**

You can see the total project plan in the Fall Application. The segment we are asking to be funded is the Benches and Viewing Area, Picnic Tables, and Triangular shade areas.

Same as it current mode of operation

SECTION 3 - PROJECT BENEFITS**1. Describe how your project/service provides a community benefit to the residents and visitors of Mammoth Lakes?**

The current project will add another deminsion of safety to the unique recreations experience for residents and visitors. The project will also provide for a higher level of satification of park usage.

2. Describe the targeted users of your project/service? (Include numbers of participants)

The target group is of all ages and all socio-economical groups. Town residents use the park side by side with visitors as well as a wide range of spectators. Thousands per year. Highest ratio of park usage if size is taken into considration.

3. Is it available for limited or year round use? (Please describe the use.)

Snow melt to snow fall.

4. Describe the economic benefits of your project/service.

The town economically benefits from the park project with visitors staying, eating, and spending money. The Town of Mammoth Lakes recieves countless amount of positive marketing from video, magazine, web coverage. I don't know of any other project that creates as much positive world wide exposure.

5. Please provide any additional information you would like the Tourism and Recreation Commission to consider when reviewing your application.

The Brothers Skate park was the only project submitted for Fall Measure R Funding that meet all the guideline for fundlng (including matching funds) and was the only project that received no funding. Volunteers have travelled the world generating funds and this project has world wide supports. Fund raising continues In Europe, Canada in fall. The Town is missing out on a lot of free positive world wide media publicity by it's lack of physical, verbal, and financial support of the skate park project. Please see attached Brothers Skatoc Park fall grant application for further more detailed information about this project.
