**Email Address:**

### PROJECT SUMMARY

- 1. Name of Project:** Multuse Facility Slab and Ice Rink
- 2. Project Category:** Parks
- 3. Project Type** Implementation/Construction If **Other** please describe:
- 4. Measure R Funds Requested:** \$ 57,000\*  
\*This amount should be the same as requested in the application.

# PROJECT APPLICATION

## SECTION 1 - PRELIMINARY QUALIFICATIONS:

---

- 1. Describe why this project is considered urgent and was not submitted during the Fall 2010 application process?**

The Town was awarded a Roberti-Z'berg-Harris – Nonurban Needs Basis Grant for the Mammoth Activity Center which will expire in March of 2012. The \$500,000 grant will construct a multiuse facility concrete slab and ice rink. The funds and project must be completed by March 2012. There will be no extension for the use of these funds.

An option that was discussed at the March 16, 2011 Council meeting was to use the \$365,000 Hospital Parcel payment for this project. This will leave an estimated funding short fall of \$57,000.

- 2. Does the project live within the Draft Parks and Recreation Master Plan and/or the Draft Trail System Master Plan?**

(Choose One)

If YES, please cite (page # & Section #):Parks and Recreation Master Plan Page #52

- 3. Does the project meet the "Principles and Priorities" established by the Recreation Commission for the 2010 Fall Measure R funding cycle?**

(Choose One)

If YES, please cite: This project will work towards the completion of a park that is currently in a semi-completed state and it will enhancement of visitor experience.

- 4. Describe your project's/service conceptual plan including size, scope, context/type, design specifications, use, and budget, or budget document. (This should be an attachment to the application titled: "Project Concept Plan.")**

Council authorized staff to proceed with preparation of the Plans Specifications and Estimate (PS&E) and to begin advertising for the construct this project. The project will construct a concrete slab complete with the hydronic tubing necessary to operate the ice rink. A photo of a similar facility in Moses Lake Washington and the site plan is attached.

## SECTION 2 - PROJECT DESCRIPTION

---

### 1. Project Location

**A. If your project is Development/Design, Implementation/Construction, or Maintenance/Operational, what is the location of your project?**

Town of Mammoth Lakes Ice Rink, 416 Sierra Park Rd.

**B. If your project is Contractual Services where will your services be provided?**

### 2. Do you have approval to use the location identified in this application?

YES

If YES, Please provide documentation of approval The Town currently has a 20 year lease with a 10 year option. Council is in negotiations with the School District to amend the lease. These negotiations will be completed prior to a Construction Contract Award by the Council in June 2011.

If NO, describe how and when you will secure this approval?

### 3. Provide the costs for each phase of your project or service. (Where applicable)

- A. Development/Design:** \$25,000 (for plan update and advertise)
- B. Implementation/Construction:** \$922,000 (\$2.28 Million expended to date)
- C. Maintenance/Operation:** \$190,000 (\$170,000 Mello Roos Tax \$ fees, \$20,000 General Fund)  
(anticipated annual costs)
- D. Contractual Services:** Construction would begin July 2011 and be completed October 2011.  
(define length of contract)

### 4. Provide the estimated timeline for each phase of your project or service. (Where applicable)

- A. Development/Design:** PS&E Complete April 28, 2011  
Bidding May 2011, Contract Award June 2011.
- B. Implementation/Construction:** July 5, 2011 through November 1, 2011.
- C. Maintenance/Operation:** Winter Skating November 24, 2011 through April 20, 2012
- D. Contractual Services:**  
(define length of contract)

5. **Based upon your project type ("Project Summary" Question 3) who is/will be responsible for maintenance and operation upon completion of the project/service?**

Town of Mammoth Lakes

6. **Will there be volunteer hours used for any phase of your project?**

YES

If YES, please identify which phase, how many hours and the value of those hours: MUSD kids will be solicited for spring clean up assistance which may also have opportunities for expansion.

7. **Have any public funds (Town Funds – includes Measure R) been previously committed to this project/service or project site?**

YES

If YES, please list: \$2,283,420

8. **Is Measure R your only funding source for this project/service?**

NO

If NO, provide amount and source of additional funds(You will be required to provide proof of this funding) . \$500,000 in State Grant Funding and \$365,000 in General Fund (to be considered with 2011/12 CIP)

9. **Is your project/service going to have an impact (positive or negative) on existing use in the location you have identified?**

(Please Describe) The project will have a positive impact on the location with a addition of a permanent 27,000 sf concrete slab which will be available for year round use. This project will reduce park staff time for setup and take down making those man hours available for other parks. The site was previously selected by the Town Council for the Multiuse Facility Ice Rink and is accessible year round by sidewalks, transit, and provides ample parking.

**10. Describe your plan for how the Town of Mammoth Lakes will manage/maintain oversight of this project/service?**

The Town Public Works Department will maintain the facility and the Recreation Department will operate and program the facility. Temporary employees will supplement permanent staff members to provide the oversight and maintenance required. Funding for the project includes user fees, millage rates, tax, and general fund.

### SECTION 3 - PROJECT BENEFITS

---

- 1. Describe how your project/service provides a measurable community benefit (incremental visits, revenue, etc..) to the residents and visitors of Mammoth Lakes?**

The Recreation has received many calls every week regarding the status of the Town's ice rink, MUSD submitted a petition to the Town for continued operation. Based on user survey 2/3 thirds of the uses are visitors to Mammoth. This facility provides a night activity and something else to do in Town if you do not ski. All of the destination mountain resorts have a full sized ice rink for use in the winter. Other resorts such as Big Bear make their ice available for olympic training as well.

- 2. Describe the targeted users of your project/service? (Include numbers of participants)**

The targeted users are residents and visitors. The 2009/10 year had 8,140 users. This was a problematic year with 8 days closed due to weather and 14 days closed for maintenance. Construction of the slab should eliminate closures for maintenance thus increasing facility users.

- 3. Is it available for limited or year round use?**

The slab will make the facility available for year round recreation and events.

- 4. Describe the economic benefits of your project/service.**

One of the primary benefits of the project is the reduction staff setup and maintenance time. The improvements will save about 700 man hours each year. The ice rink generates revenue through user fees and sales. Currently, this revenue is estimated to be less than the Municipal Code goal of generating half of the operation cost through fees. The new slab will reduce closures; provide for summer activities thus increasing revenue.

- 5. Please provide any additional information you would like the Recreation Commission to consider when reviewing your application.**

The Town has invested significant funds in this facility and this phase of the project will leverage an additional \$500,000 in grants. Completion of the concrete slab will be a positive step in allowing maintenance staff to perform other priorities in the fall and spring because they will not have to setup and take down refrigeration tubing. The facility is an amenity that most resort destinations have and offer to their residents and visitors.

**Submission Deadline: Friday, April 15, 2011; 12 Noon**

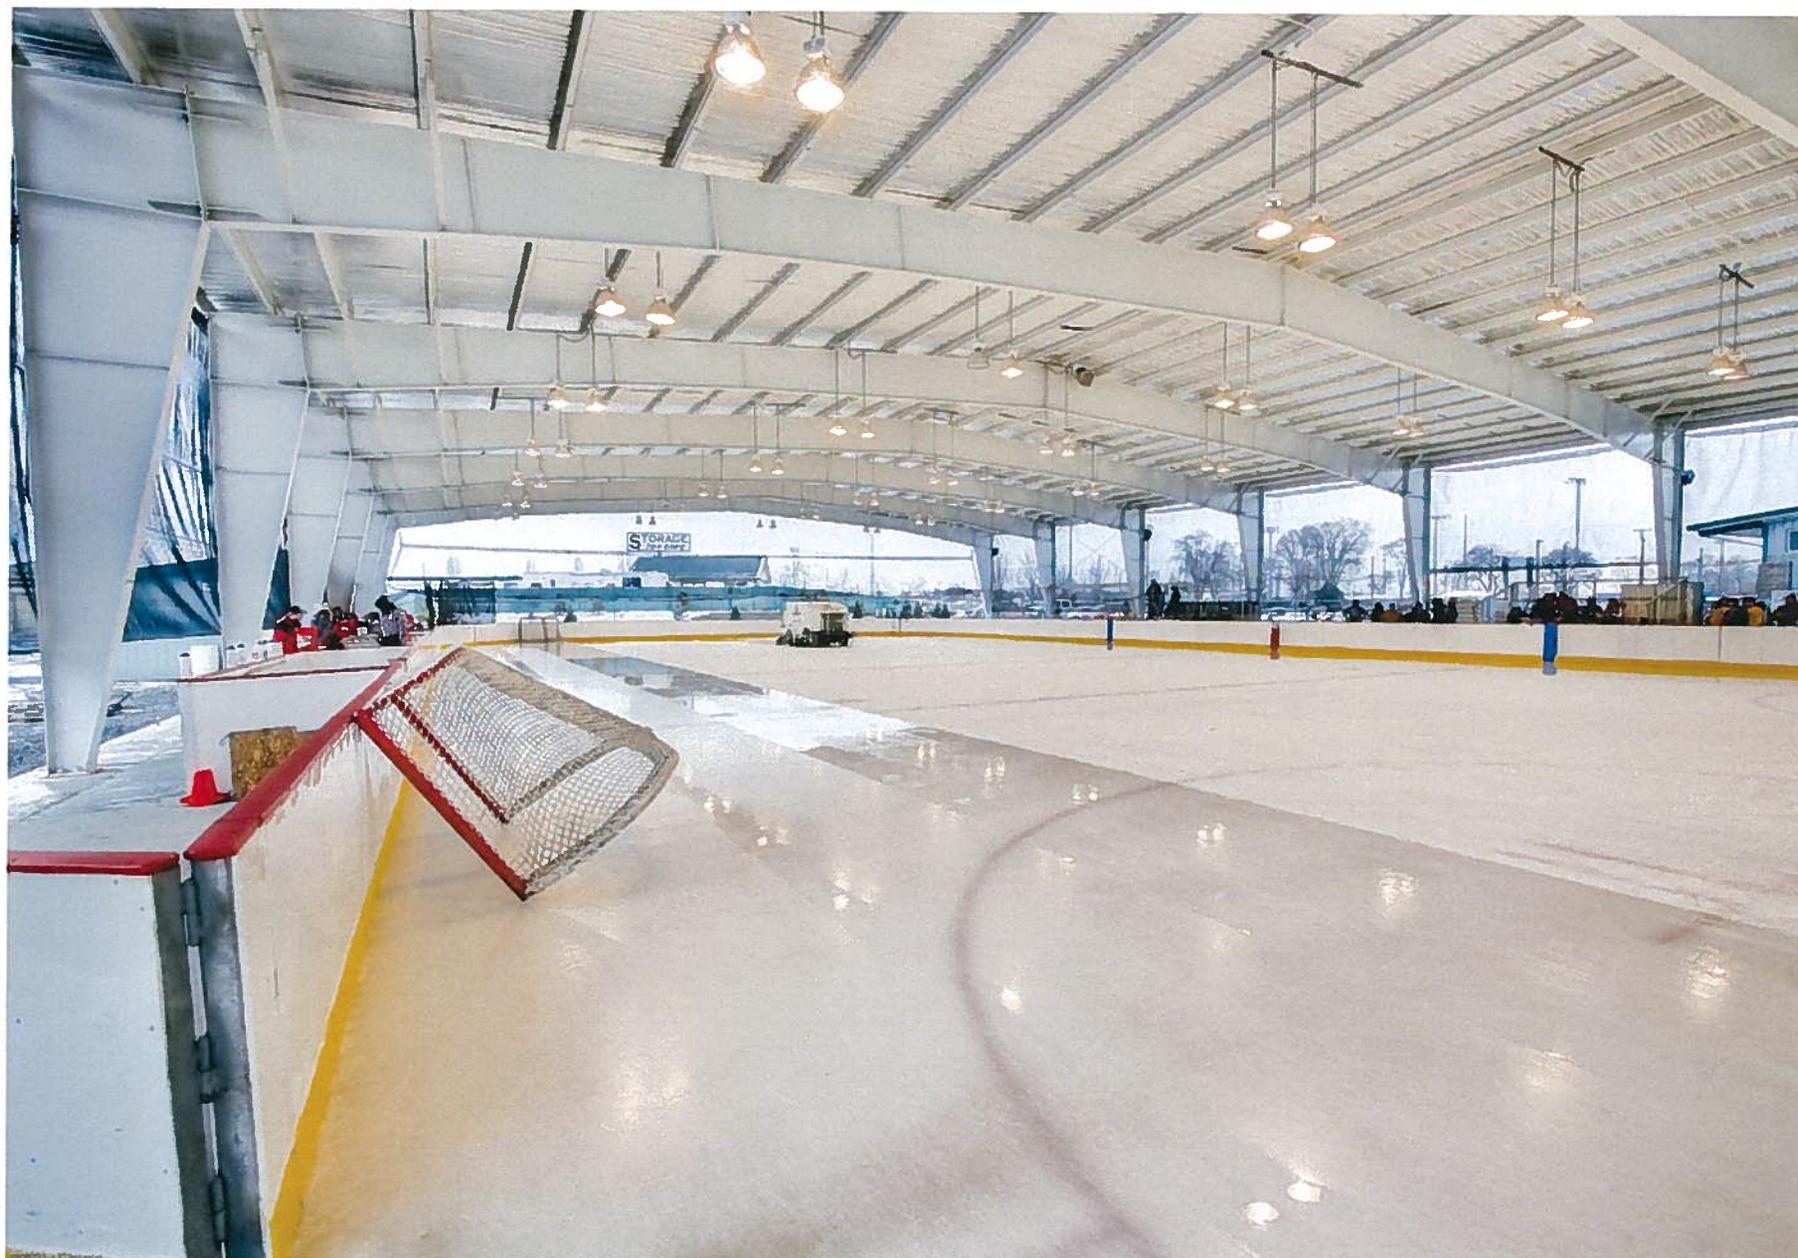

**Town Ice Rink and Multi-Use Facility Project**

**Construction Budget**

|   |                  |

RE: Ice Rink

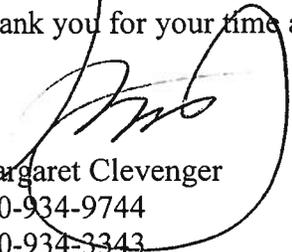

To Whom It May Concern:

My daughter, Sabrina Clevenger, gathered these signatures last year in support of the ice rink.

The process of submitting the Petition was unclear to us, and she was only 13 years old at the time.

I would like to submit this on her behalf.

Thank you for your time and consideration.

We are expressing the joy we have for ice skating and appeal to town council to find a way to make reliable ice skating available in our ski resort town. We love winter, we love skiing, and we love skating. We are hoping that there can be a model like 'friends of the library' that will bring forth funding. We are very grateful the rink will open this year and we realize that uncertain finances have placed it at risk in future years.

January 16, 2008

Ms. Danna Stroud, Director  
Parks and Recreation Department  
2520 Main Street  
Mammoth Lakes, California 93546

Dear Ms. Stroud:

Greetings. My name is John Sharifi and I am from Washington, DC. Late last fall, I discovered online that Mammoth Lakes was building a new ice rink and that there were people playing pond hockey on the nearby lakes. I know how beautiful the Mammoth area is from past visits, and, being an avid hockey player, I decided to visit Mammoth again for a little hockey vacation this past week. My purpose was not to hit the mountain (although I did), but to experience hockey in the midst of the beautiful Sierra Nevadas. I am back home now, but having had such a memorable experience while I was there, I wanted to share my thoughts with you and your staff.

I have played on many rinks, in many places. In all my years of playing, I have never enjoyed skating or hockey in such breathtaking scenery as I did in Mammoth on your new rink (unfortunately, there was too much snow to play on the lakes). Skating there was absolutely exhilarating. The fresh air, blue skies (or snowy weather), and good ice (!) made for a great time. Moreover, I cannot say enough about the rink staff and the members of your department that I came into contact with (such as Kari). Everyone was so friendly and helpful that it made my experience even better.

I understand that when I was there, the rink was going through a "soft opening," and that a roof, snack bar, etc. will soon be added. I am sure it will be an even more perfect setting once everything is completed. I know that regular pickup hockey games, as well as league play, will soon follow. I really hope that hockey gains more and more popularity in Mammoth, particularly with the addition of the rink. You have real potential to become a hockey haven! If you ever need any assistance with a hockey program of any kind (instructional clinics, etc.), please let me know. Along with playing competitively for years, I also coach, and would love to help out in any way I could.

Once again, I truly had a great experience in Mammoth and think the ice rink was a great addition to the town. I have been talking about it consistently since I have arrived back home (and showing a lot of pictures). Thank you again!

Sincerely,

  
John Sharifi

P.S. Feel free to write, call (301-520-6093), or email ([jsharifi@law.gwu.edu](mailto:jsharifi@law.gwu.edu)).
