News from the Town Manager

Town Council Meeting – May 2

The next meeting of the Town Council will be held on Wednesday, May 2, 2012 beginning at 6:00 p.m. Visit the [Streaming Media Archive](#) to review the previous meeting minutes or view the webcast Town Council meeting.

Town Invites Community To Participate in Continued Discussions of Town Finances and MLLA Judgment

The Town of Mammoth Lakes announced on April 18, 2012 its intention to continue a series of public discussions, started in February 2012, to update and engage the community on the issues related to the Town's finances and the \$43 million judgment held by Mammoth Lakes Land Acquisition (MLLA).

To date, the Town has held several public presentations on matters related to the Town's finances, the MLLA judgment and settlement negotiations, along with the recently initiated mediation process. The most recent discussion was held on April 18, 2012. During that meeting, Town staff presented to the community the composition of the Town's budget, an update on the Town's finances, including a budget gap of \$1 million estimated for Fiscal Year 2011-2012, and a baseline shortfall of \$2.9 million projected for Fiscal Year 2012-13, including a draft schedule of future public discussion regarding these matters.

The Town will hold its next two public meetings on: May 2, 2012, during a regular Town Council meeting time of 6:00 p.m., and on May 8, 2012, also at 6:00 p.m. Both meetings will be held in the Town Council Chambers, Suite Z on the second floor of the Minaret Village Mall.

During these next two meetings, the Town plans to provide current status of the Town's mediation with creditors, expand on the budget summary information presented on April 18, 2012, and provide additional details on where the Town gets its money and how it spends it, and finally, begin a community discussion of the Town's spending priorities for Fiscal Year 2012-13.

Most importantly, the Town plans to engage the community in the discussion of the necessary balancing measures that will be required to achieve a balanced budget and generate funds for MLLA and other creditors. In addition, we encourage residents to inform Town Council what services are most important to them, and what services they believe are needed to maintain our status as a premier year-round resort community.

We urge all residents of the Town of Mammoth Lakes to attend these meetings.

To receive additional information or if you have any questions, please contact the Town Manager's Office at (760) 934-8989, extension 223.

Town Extends Contract with Assistant Town Manager

The Town of Mammoth Lakes is pleased to announce that Assistant Town Manager, Marianna Marysheva-Martinez will be working with the Town for an additional year.

Ms. Martinez started working with the Town as the Interim Town Manager in March 2011, and quickly demonstrated her abilities and capacities to work on a variety of difficult public issues. For the past six months, her primary focus has been on the Town's financial issues, negotiating with Mammoth Lakes Land Acquisition and preparing for a mediation with various creditors, and providing leadership and support to the Town Council and Town Manager.

As most people in Town know, the Town is facing very difficult decisions that will have an impact on service delivery for the next several years. Building a solid foundation for decision making and service delivery is of high importance to the Town Council. Ms. Martinez's major task will be to support the Council and Community in this important work.

Calls for Service/Officer Observations

189, including 2 business/building checks

Crime Incident Reports

23 reports, including 13 arrests

Community Development

Closure of US Highway 395 – High Point Curve Correction Project – May 3

The California Department of Transportation (Caltrans) has scheduled night closures of US Highway 395 from Holbrook Junction to Bridgeport as part of a \$17.2 million road realignment and retaining wall project. The first road closure of US 395 will begin at 7:00 pm on May 3rd and end at 7:00 am on May 4th. Road closures will continue for 14 nights. The last road closure will begin at 7:00 pm on May 16th and end at 7:00 am on May 17th. A signed detour between Holbrook Junction (US 395 and Nevada State Route 208) and Bridgeport (State Route 182) is available during the night closures. State Route 89 over Monitor Pass will stay open for passenger vehicle traffic (weather permitting).

Closure Dates: NIGHT ONLY CLOSURES From Thursday, May 3rd, 2012 7:00 p.m. to 7:00 a.m. of the 4th thru May 16th, 2012 at 7:00 pm to 7:00 am of the 17th.

After May 17, 2012, one way traffic control will be in effect until October. For the safety of the construction crew and motorists, please be attentive to closures, slow for the cone zone, and move over one lane where possible.

Closure for Highway 120 East - Pavement Rehabilitation Project – May 7

The California Department of Transportation (Caltrans) plans to close Highway 120 East as part of a \$3.5 million pavement rehabilitation project. The Highway will be closed for 8 miles from Adobe Ranch Road to 22 miles east of Hwy 395. Traffic is requested to detour via Benton Crossing road.

Closure Dates: Monday, May 7, 2012 6:00 am thru May 24, 2012 5:00 pm.

After May 24, 2012, one way traffic control will be in effect until early July. During this time the roadway will have a non-paved traversable surface. Two-way traffic will be available during weekends and holiday periods. For the safety of the construction crew and motorists, please be attentive to closures, slow for the cone zone, and move over one lane where possible.

About the Project: This project is a Cold Foam In-Place Recycling pavement rehabilitation which consists of pulverizing the existing asphalt concrete pavement and a portion of the underlying granular base to a maximum depth of 12 inches, mixing with a foamed paving asphalt, grading and compacting the recycled mixture, and overlaying the recycled surface with a new layer of hot mix asphalt (HMA).

This \$3.5 million project, which will be completed in July 2012, will extend the life of the pavement, reduce maintenance costs and closures, and provide a smoother ride for motorists. The contractor is Qualcon Contractors, Inc. of Minden, Nevada.

Free, Real-Time Property Information Now Available!

The Town of Mammoth Lakes and Mono County are proud to present ParcelViewer, the Town and County's official web-based property information system. This free, public, on-line service can be relied upon to provide convenient, accurate and up-to-date information, based on the official Assessor's data-base. Use ParcelViewer to view and print customized parcel information and maps, including:

- Zoning Information
- Property Addresses
- Complex Names/ Condo Unit Numbers
- Parcel Lines*
- Valuation Data
- Acreage
- Aerial imagery of surrounding properties and more!

Tioga Pass Road Report

From the NPS website: The Tioga Road has been plowed, but much work remains, including significant road repairs and rock removal, along with plowing of parking lots, side roads, and clearing of ditches. There is no estimated opening date for the Tioga Road (HWY 120).

2012 Measure R Spring Award Application Period Closes May 2

The application period for the 2012 Measure R Spring Award opened at 8:00 a.m. on Monday, April 2, 2012 and will close on Wednesday, May 2, 2012 at 5:00 p.m. The Recreation Commission is scheduled to review the applications on Tuesday, June 5, 2012 in Suite Z at 4:00 p.m., with tentative adoption by Town Council on June 20, 2012 (subject to change). All Measure R information, downloads and reference documents can be found on the Town's website: www.ci.mammoth-lakes.ca.us under "Quick Links." The Measure R spring process is intended to cover unanticipated

emergency or maintenance/administration costs of projects already awarded in the fall of 2011, but can also include funding for new awards. Preference has been given to previously awarded projects and once-in-a-lifetime or time-limited opportunities.

The Measure R, or "Mammoth Lakes Recreation, Trails and Parks Investment Initiative," Ordinance (No. 08-01) adopted by the Mammoth Lakes Town Council on February 20, 2008 specifically designates the use of Measure R funds for planning, construction, operation, maintenance, programming and administration of all trails, parks and recreation facilities managed by the Town of Mammoth Lakes without supplanting existing parks and recreation facility maintenance funds. For questions regarding the Measure R Spring funding award or to schedule an appointment, please contact Stuart Brown, Recreation Manager (760) 934-8989 ext. 210.

Recreation Highlights

Little Sluggers Instructional T-Ball Begins May 9

This is a great program for ages 2 – 5, designed to introduce your child to the wonderful sport of baseball. It will provide a unique opportunity for parents to share quality time with their children while preparing them for future softball and baseball activities. This program is designed to teach the fundamentals of baseball in a clinic and mock-game setting. (All parents are encouraged to help with their children, don't be shy just hop right in there). The program is scheduled every Wednesday from, 5:15 p.m. – 6:00 p.m. beginning May 9 – June 13, at the Mammoth Elementary School. Cost is \$36/child.

Adult Softball Managers Meeting – May 17

Get involved with this hugely popular recreation adult program this summer. Interested team managers are invited to attend the Adult Softball Managers Meeting on Thursday, May 17, 2012 in the Town of Mammoth Lakes Recreation Office at 5:00 p.m. Managers of the Co-ed and Men's teams should not miss out on this important meeting. For more information please call John C at (760) 934-8989 ext. 234.

- May 28 Mammoth Mountain Ski Area Closing Day
- June 2 National Trails Day
- June 2 Mammoth AYSO Fall Registration/Tryouts & FREE Soccer Clinic @ Shady Rest Park

Public Service Announcements

California Mandates Recycling for Business and Multi-Family Residential Locations

A new State of California Bill (AB 341) directed by CalRecycle mandating commercial recycling in California goes into effect July 1, 2012. The Town of Mammoth Lakes will be providing education and outreach to help the community comply with the new regulations.

The goal of AB 341 is to increase the statewide recycling rates to 75% by 2020. Starting July 1 2012, businesses and public entities that generate four cubic yards or more of waste per week, including multi-family units of five or more will be required to recycle. The purpose of this new law is to reduce greenhouse gas emissions by diverting commercial solid waste to recycling efforts while expanding opportunities for additional recycling services and recycling manufacturing facilities in California.

Please use the following link for additional information provided by CalRecycle that addresses the "Frequently Asked Questions:" <http://www.calrecycle.ca.gov/climate/Recycling/FAQ.htm>.

The Town of Mammoth Lakes (TOML), Sierra Conservation Project (SCP) and Mammoth Disposal (MD) are taking active steps to assist businesses and multi-family residences to comply with the new regulations.

Brian Robinette, owner of Sierra Conservation Project commented, "This is a big step in the right direction for recycling and diverting recyclables from our local landfills. The new regulation will give the extra incentive needed to make recycling programs a reality at all Mammoth Lakes business and residential locations."

The TOML, SCP and MD have been working together for several years to develop and grow recycling programs here in the Town of Mammoth Lakes.

Johnny Goetz, Town of Mammoth Lakes Senior Building Inspector states, "Now is a great time for local businesses to take advantage of the numerous recycling opportunities we have available in Town. Condominium complexes can also take advantage of the TOML and SCP's recycling programs which are currently providing start-up infrastructure to the complex at no cost - while supplies last."

The TOML and SCP have applied for additional grant money to continue to offset the start-up cost for multi-family and businesses here in town. Bear proof recycling containers are provided to participating condo complexes, and are serviced by SCP.

Pat Fenton, General Manager of Mammoth Disposal added, "Recycling is at the core of the company's goal of sustainability, and it's the core of our commitment to business owners and the Town of Mammoth Lakes to meet this mandate."

The following recycling programs are currently available within the Town of Mammoth Lakes:

- Commercial cardboard recycling
- Restaurant and bar programs
- Lodging and hospitality programs
- Business recycling
- Office recycling
- Residential recycling
- Aluminum, plastic, and glass
- E-Waste
- Used oil and batteries

Some of the benefits of recycling identified by CalRecycle are creating jobs in California, reducing greenhouse gas emissions, keeping valuable materials out of landfills, and creating a healthy environment for the community and future generations by recovering natural resources.

For more information regarding recycling programs and opportunities within the Town of Mammoth Lakes, contact Johnny Goetz at (760) 934-8989 ext. 244 or jgoetz@ci.mammoth-lakes.ca.us.

Town & MLFD Identify Potential Safety Issue

The Town of Mammoth Lakes Community Development Department (Town) and Mammoth Lakes Fire Department (Fire District) have identified an issue with inserted

wood burning fireplace installations in town. If you have either a pellet/gas insert installation or a masonry flue/chase, these types of appliances or installations are not an issue. The issue is that wood burning inserts placed into zero clearance fireplace boxes (fireplace) with factory built metal flue pipes and wooden chases may not have adequate clearance to combustible materials (wood, plywood, and/or sheetrock behind the rock, brick, metal and/or wooden material that doesn't allow you to see on the interior surface of the fireplace façade). This issue can exist in all types of residential occupancies, from single family to multi-family projects. As a result of the clearances that may not have been met, combustible materials are igniting and several fires have resulted around town. Thus far there have been no injuries, but both the Town and Fire District feel that we cannot wait until something tragic occurs before we take necessary action. At this point both agencies are hoping to educate the town population to the concern.

The original fireplace contained fires that never obtained very high burning temperatures, due to the amount of heat that went up the flue. Once the insert was installed, the appliance burned much more efficiently causing the combustibles surrounding the original installation to be exposed to significantly greater heat levels. Another factor is the amount of use the insert is experiencing. The issue is occurring throughout town; no certain complex, no certain installer, no certain type of product, nor any other common characteristic that allows the agencies to narrow down the likely installations of concern. One complex in town had 23 of 60 units show some sign of heat damage to combustibles.

Permitted installations during the last 18 to 24 months that followed the manufacturer's installation instructions have been installed correctly. The Town and Fire District do not mean to alarm anyone, but strongly believe that this situation is serious enough to inform the public on the use and installation of these types of wood burning installations. If you need any further assistance or have any questions, please contact the Fire District at (760) 934-2300 or Town at (760) 934-8989, ex 244. For more information: <http://mammothlakesfd.intuitwebsites.com>

Transient Occupancy Tax (TOT) Frequently Asked Questions

Some of the most frequently asked questions about legal rentals and Transient Occupancy Tax (TOT) are:

1. What is a transient rental?

A transient rental is any unit that is occupied for the purpose of sleeping, lodging, or similar reasons for a period of 30 consecutive days or less in exchange for a fee or similar consideration.

2. Can I rent my unit as a transient rental?

Only some zones within the Town of Mammoth Lakes permit transient rentals. The following zones permit transient rentals:

- RMF-2 (Residential Multi-family 2)
- CL (Commercial Lodging)
- CG Commercial General)
- R (Resort, including master plan areas)
- SP (Specific Plan, including North Village and Clearwater)

This list is intended as a guide only. Although the above zones permit transient use generally, other regulations, such as those found in master

plans, CC&Rs, or project conditions of approval may prohibit transient rental within a particular development. Generally, transient rental of single family homes is prohibited. A zoning map can be found on the Town's website.

3. What is transient occupancy tax (TOT)?

Transient occupancy tax, or TOT, is a 13% tax that is charged "for the privilege of occupancy of any transient occupancy facility." The tax is required to be paid to the operator of the transient occupancy facility at the time the rent is paid. It is the operator's responsibility to remit the TOT to the Town.

4. Do I need to pay TOT?

If you are renting your unit as a transient rental, even if it is only for one weekend a year, you need to pay TOT. This includes single family homes and other units that are not permitted to rent nightly, but may be doing so illegally. TOT shall be remitted for each night the unit is rented.

5. Do I need a business tax certificate?

Yes, if you are renting your unit on a transient basis.

6. Do I need a transient occupancy tax certificate?

Yes. You are required to purchase a transient occupancy certificate for each rental unit to post in your transient rental property. This is included as part of Schedule E or F in the business tax certificate application.

7. What is the difference between a business tax certificate and a transient occupancy tax certificate?

Business tax is an annual tax and is required for all business activity. The transient occupancy tax certificate is a one-time purchase that is non-transferable. This certificate is required to be posted in your transient rental unit.

8. Do I need a business tax certificate if all of my rentals are handled through a reservation company?

If all of your rentals are handled through a reservation company, most reservation companies will purchase the transient occupancy tax certificate and collect and remit the TOT to the Town. You may wish to check with your reservation company to confirm that this is being taken care of. If you rent your unit by owner in addition to renting with a property management company, you are also required to obtain a separate business tax certificate and transient occupancy tax certificate.

9. How do I apply for a business tax certificate?

The Town's website contains information regarding business tax certificates, including an application for a business tax certificate: <http://www.ci.mammoth-lakes.ca.us/index.aspx?NID=182>. Transient Rentals fall under schedule F for condominium rentals and schedule E for hotels, motels, lodges, and campgrounds. This application can be mailed back to the Town, or submitted in person. The total cost for one unit is \$118.00 (\$65.00 application fee, \$5.00 planning review fee, \$25.00 fee to rent one unit,

\$23.00 TOT certificate fee). Additional costs apply for additional units. Business tax certificates are required on or before the first day business commences; penalties will apply for late filings. If you have additional questions regarding this process please contact the Finance Department at (760) 934-8989 x245.

10. Do I have a business tax certificate?

To find out if you have a valid business tax certificate on file, please contact the Finance Department at (760) 934-8989 x245 or your property management company.

11. What is illegal rental activity?

Illegal rental activity is any rental activity that is not consistent with the Town's Zoning Ordinance, or any rental activity that is not compliant with the Transient Occupancy Tax Ordinance. This can include transient rental of units located in zones that prohibit transient rentals. It can also include transient rentals in a zone where it is permitted, but when the TOT is not remitted to the Town.

12. How can I report illegal rental activity?

If you suspect illegal rental activity, you may submit an anonymous tip via the Town's TOT hotline at (760) 934-8989 x275 or on the Town's website via the Transient Occupancy Tax information page. Please include any information that you have that would substantiate the claim, along with the property address and owner's name if you have it. You may also email tot@ci.mammoth-lakes.ca.us. Note that emails are not anonymous, however, staff will do its best to keep your information private.

13. Questions & Anonymous TOT Hotline

If you have questions about TOT enforcement, or if you would like to report suspicious activity or rental advertisements please contact our anonymous hotline. The Town will follow-up on any reports submitted. The Hot Line Number is (760) 934-8989 ext. 275 or email your information to: TOT@ci.mammoth-lakes.ca.us.

Register for CodeRED

Residents of Mono County can register their cell phones to receive emergency CodeRED (reverse 911) alerts from Mono County. This is a county public service available to all Mono County residents so please tell your friends and neighbors in Mono County that they can register for this service. CodeRED announcements are for personal notification and will not replace CERT CAHAN notification. Here is how to sign register/sign up using the INTERNET:

1. Go to monosheriff.org
2. scroll down left side panel to CodeRED community notification system;
3. click on it and follow directions.

Leash Law Reminder

Mammoth residents and visitors are reminded that the Town has a leash law, and it is a violation of the ordinance to allow your dog to run loose off of your property. While budget cuts eliminated the Animal Control Officer position, the laws pertaining

to controlling your pets did not change, and you can still be cited by Mammoth Lakes Police Department officers if your dog is at large. The PD is currently receiving a large number of complaints from several neighborhoods, and will be targeting patrol time in those areas when possible to apprehend loose dogs and to cite their owners. In addition to the citation fine, you could also be charged boarding fees by Mono County Animal Control if we choose to impound your dog at the Whitmore Shelter.

At-large dogs are a traffic hazard, and even the most well behaved dog can bite if provoked. If your loose animal causes a traffic collision or injures/bites someone, you would likely be liable for damages, which could add up to thousands of dollars. Please respect your neighbors, AND your pet and obey the leash law.

Carbon Monoxide Detectors Save Lives

The Town of Mammoth Lakes has launched a community outreach effort to inform community residents that on July 1, 2011 many homes will be required to install carbon monoxide detectors.

The Federal Centers for Disease Control and Prevention estimate that carbon monoxide kills approximately 500 people each year and injures another 20,000 people nationwide. In an effort to prevent these accidental deaths and injuries, the California legislature enacted SB 183 (Lowenthal) which mandates owners of dwelling intended for human occupancy to install carbon monoxide devices in existing dwelling units having a fossil fuel burning heater or appliance, fireplace, or attached garage.

CO devices must be installed in all specified single-family dwellings by July 1, 2011. All other specified dwelling units must have CO devices installed by January 1, 2013.

The Office of the State Fire Marshal (SFM) has developed a list of certified CO devices that meet the requirement specified within the Carbon Monoxide Poisoning Prevention Act of 2010.

For a complete list of currently approved devices please visit the SFM's website at http://osfm.fire.ca.gov/licensinglistings/licenselisting_bml_searchcotest.php. Under the search categories provided select Carbon Monoxide Alarms and Carbon Monoxide Detectors for a complete list of devices.

Further details contained within the Carbon Monoxide Poisoning Prevention Act of 2010:

- Owners shall install CO devices in a manner consistent with building standards applicable to new construction for the relevant type of occupancy if it is technically feasible. See the 2010 California Building Code, Section 420.4, and the 2010 California Residential Code, Section R315.
- CO devices shall produce a distinct audible alarm.
- CO devices may be combined with a smoke detector, if the combination device meets all specified SFM listing and approval requirements.
- Violation of Health & Safety Code Section 17926 is an infraction punishable by a maximum fine of two-hundred dollars for each offense.
- A local enforcement agency shall provide the property owner a 30-day notice to correct.
- Local jurisdictions are authorized to adopt ordinances requiring CO devices if the ordinance is consistent with the requirement of this bill.

For a full list of this legislation's stipulations please review the Department of Housing and Community Development's Information Bulletin 2011-01 at <http://www.hcd.ca.gov/codes/shl/infobulls/IB2011-01.pdf>.

Town Outdoor Lighting Ordinance

In 2003, the Town implemented an outdoor lighting ordinance to eliminate light pollution and preserve views of our starry skies. The outdoor lighting ordinance was adopted to encourage residents to administer a lighting system that not only promotes public safety and night-time ambiance but to maximize energy conservation. To eliminate glare and light trespass into neighboring properties and roadways, the outdoor lighting fixtures on your property should be shielded and re-directed to shine downward or changed out to a lower wattage. More information about responsible lighting can be found at www.crlaction.org.
